## Recomendaciones

En esta propuesta se presentan hojas de trabajo de caligrafía, acompañadas con imágenes divertidas que los niños podrán colorear y luego escribir sus historias,

Se recomienda que el niño o la niña primero escriba en borrador, con el fin de que su maestro o maestra les corrija aspectos como son la ortografía y la gramática, una vez hecha estas correcciones y analizadas con el o ella, se procede a pasarlas en limpio en el folleto, esto con el fin de que pueda practicar su caligrafía al mismo tiempo que mejora su expresión escrita.

Algo importante es que el o la estudiante escriban primero su historia antes de ponerle título, esto con el fin de no encasillarlos en un tema, como es conocido, los escritores primero escriben y luego analizan con sus editores el título que le darán.

Al inicio se presentan hojas con imágenes grandes y pocos renglones ya que la intencionalidad es que primero aprenda a redactar párrafos correctamente y posteriormente crear pequeños textos, redacciones, composiciones y descripciones.

Si se desea trabajar con niños mayores que no requieren de renglones caligráficos, lo que se puede hacer es tomar las portadas y en lugar de colocarle las hojas propuestas se le agregan hojas de portafolio, para que pasen en limpio sus trabajos.

El maestro o la maestra deben de recordar que aunque podamos recomendar un tema en específico, también debemos dejar espacios para que ellos escriban de su interés.

Otra estrategia interesante es que al final del año escolar, el o la docente le puede pedir a cada alumno una copia del que considera su mejor trabajo, para crear un libro que permanecerá en la biblioteca del aula y quien sabe tal vez algún día escuchemos algo como ¡Esto lo escribió mi papá!
