Flor

Una semilla es plantada en el suelo o la tierra.

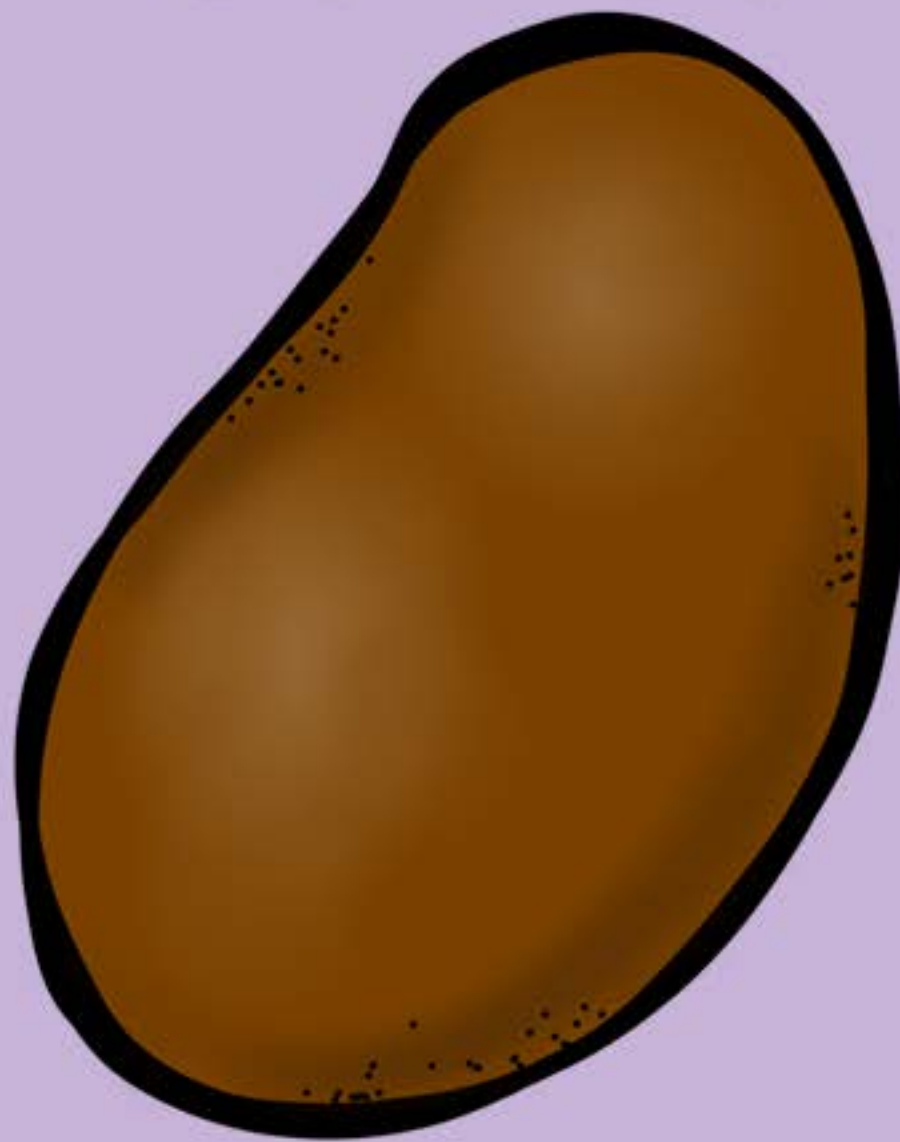

Las raíces crecen hacia abajo en el suelo y un tallo crece hacia arriba.

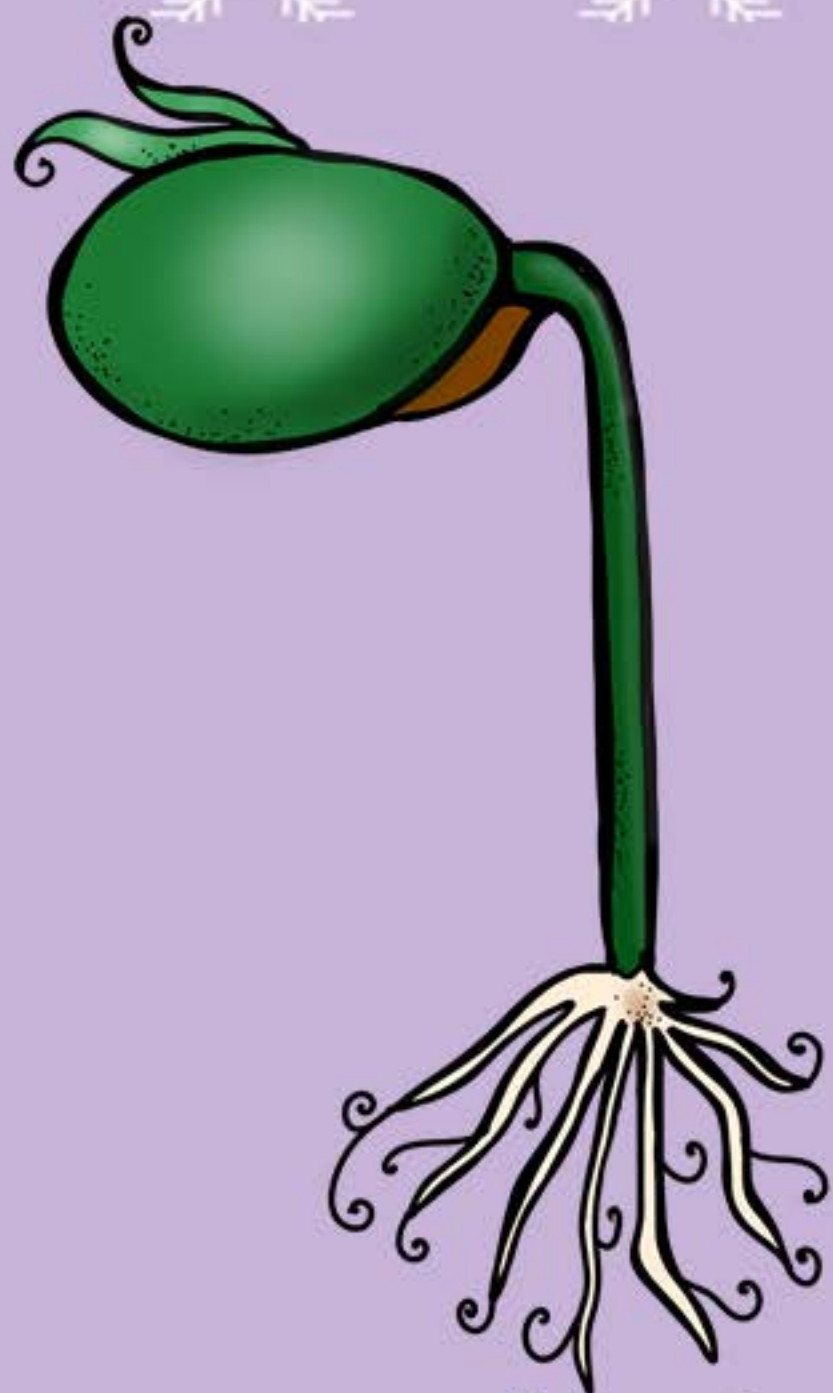

Más hojas crecen y forman la planta.

Finalmente, a la planta le crecen hermosas flores.

Flower

A seed is planted in the ground or soil.

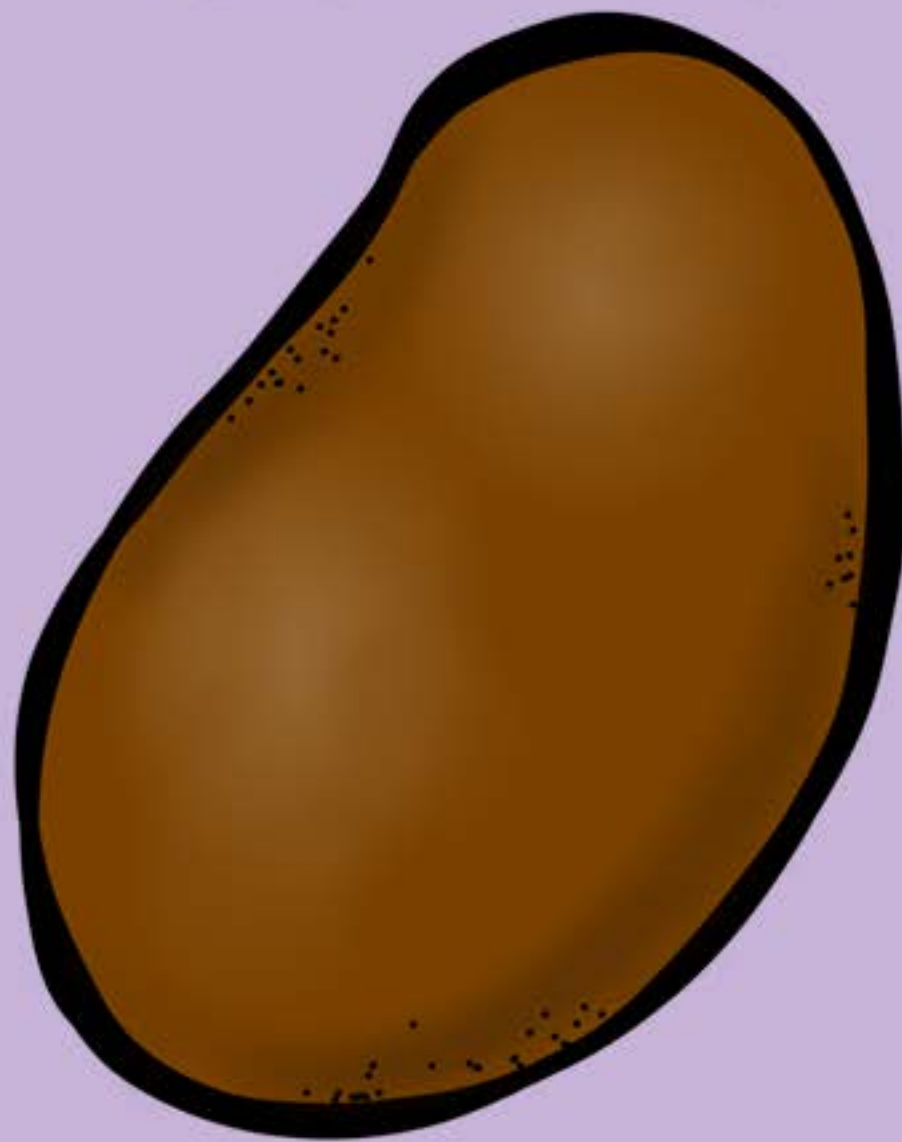

Roots grow down into the soil and a stem grows up.

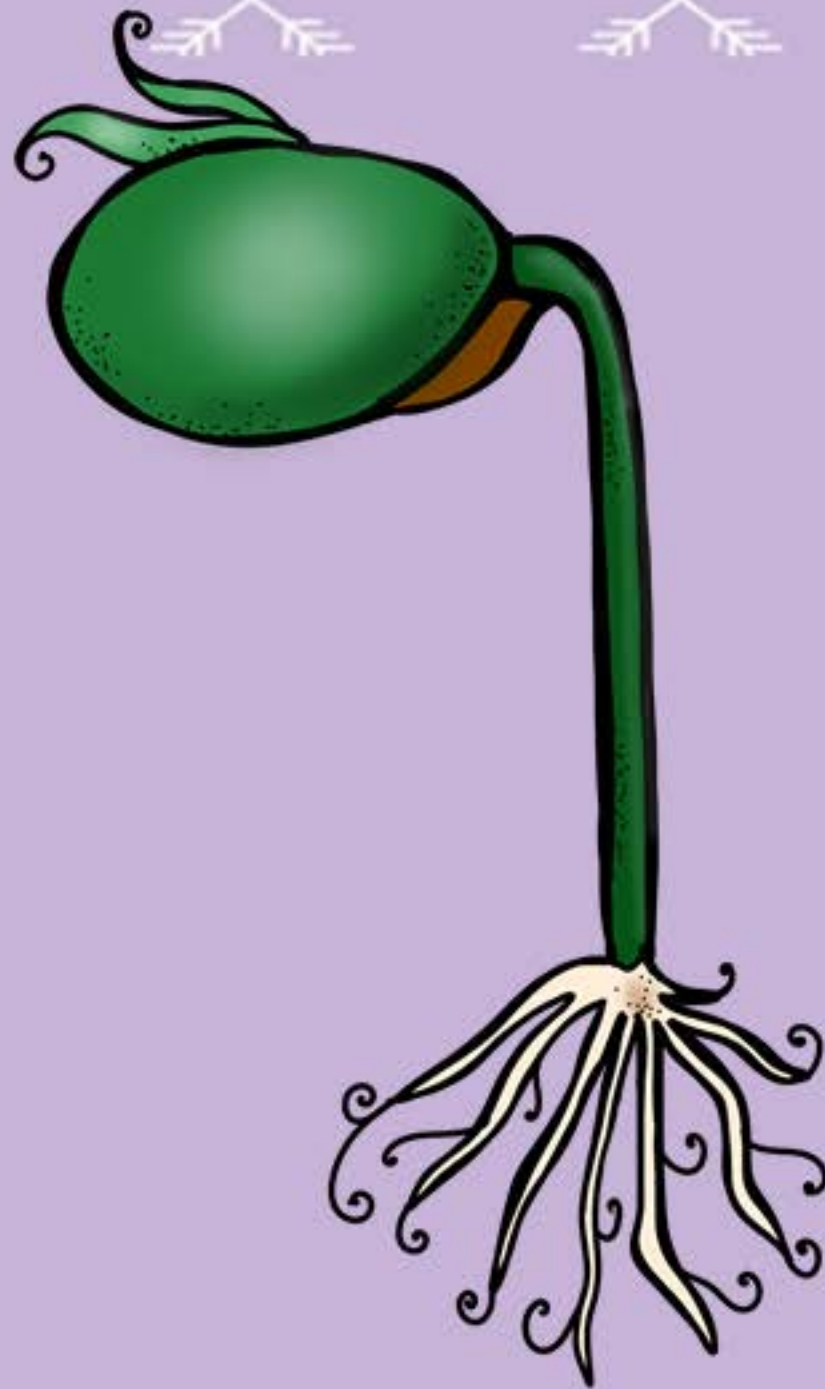

More leaves grow and give form to the plant.

Finally, the plant blossoms beautiful flowers.
