Adult chicken

**Chicken
Life Cycle**

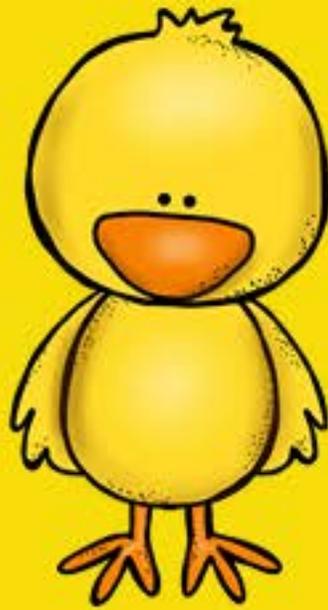

**A hen lays an egg on a
nest.**

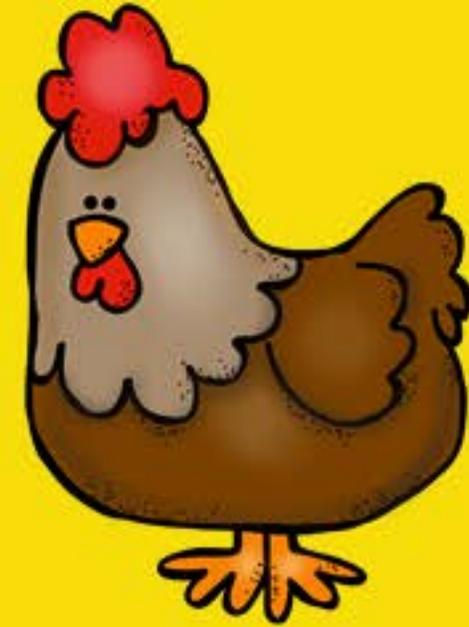

**Inside the egg a new
chick is growing.**

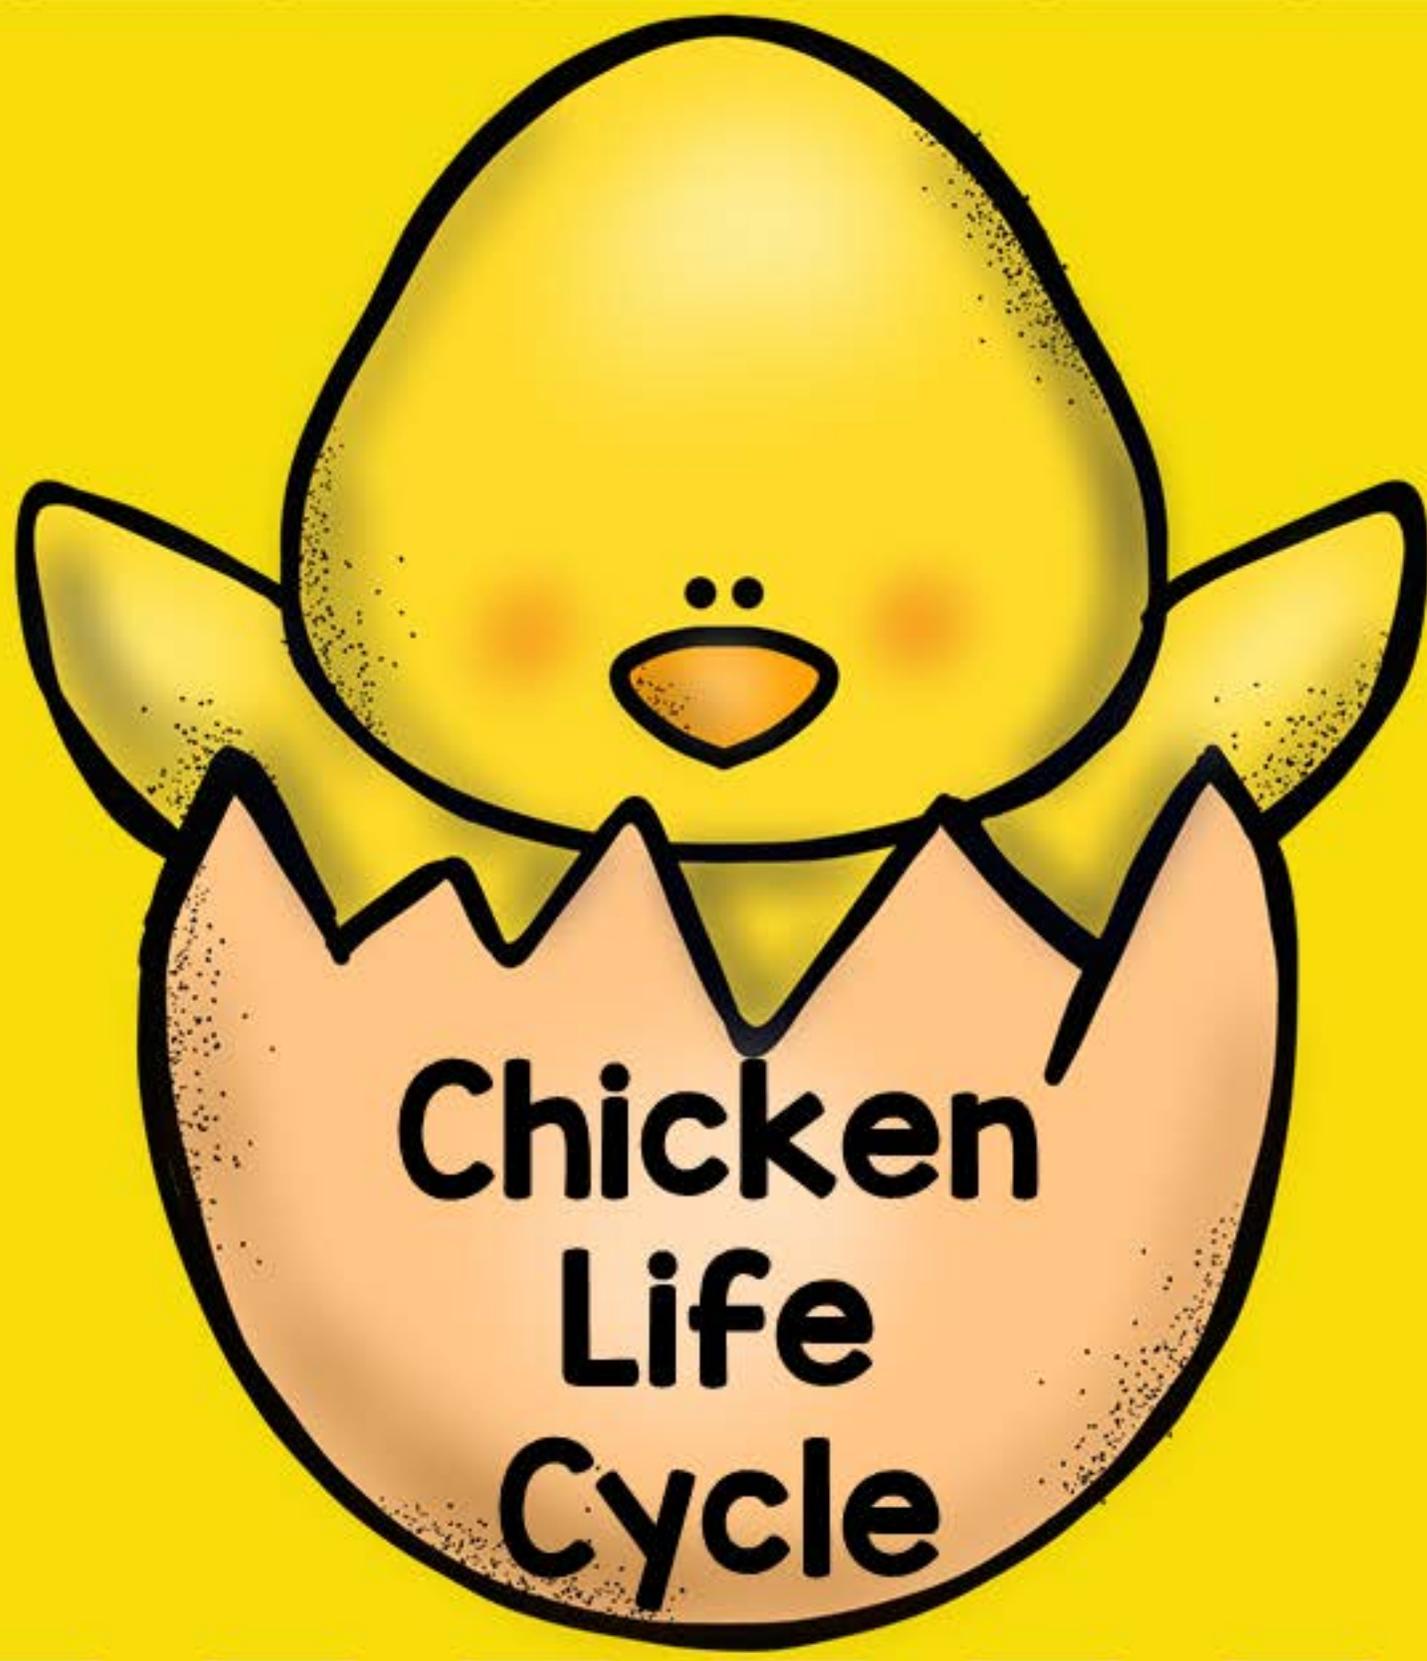

**When the chick is ready it
cracks the egg to hatch.**

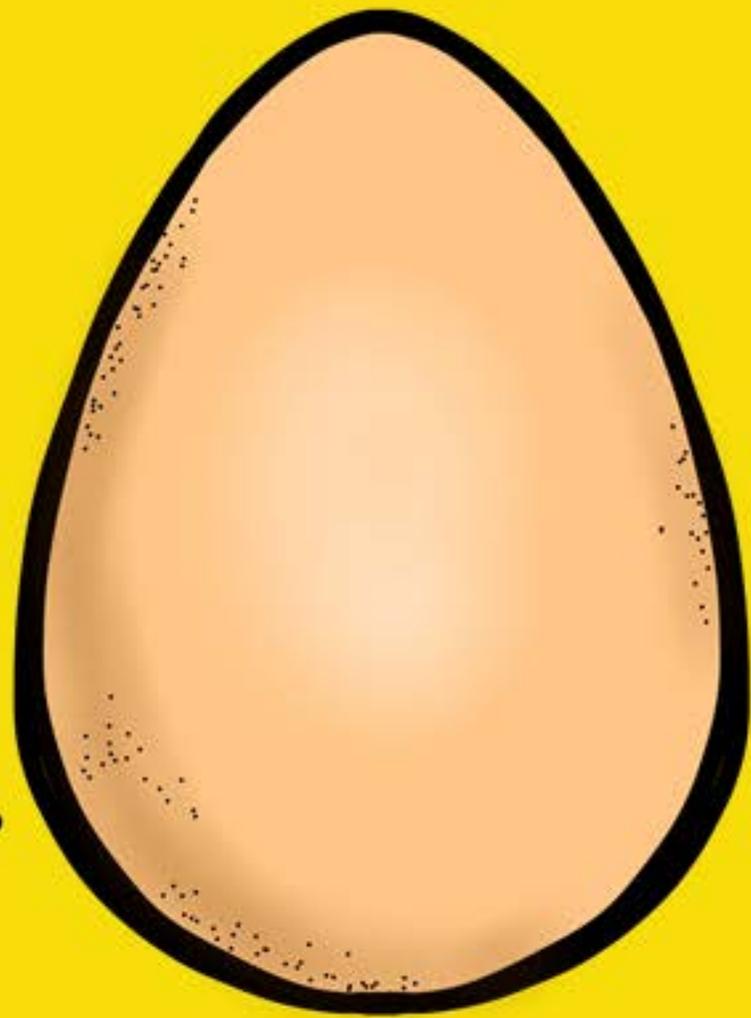

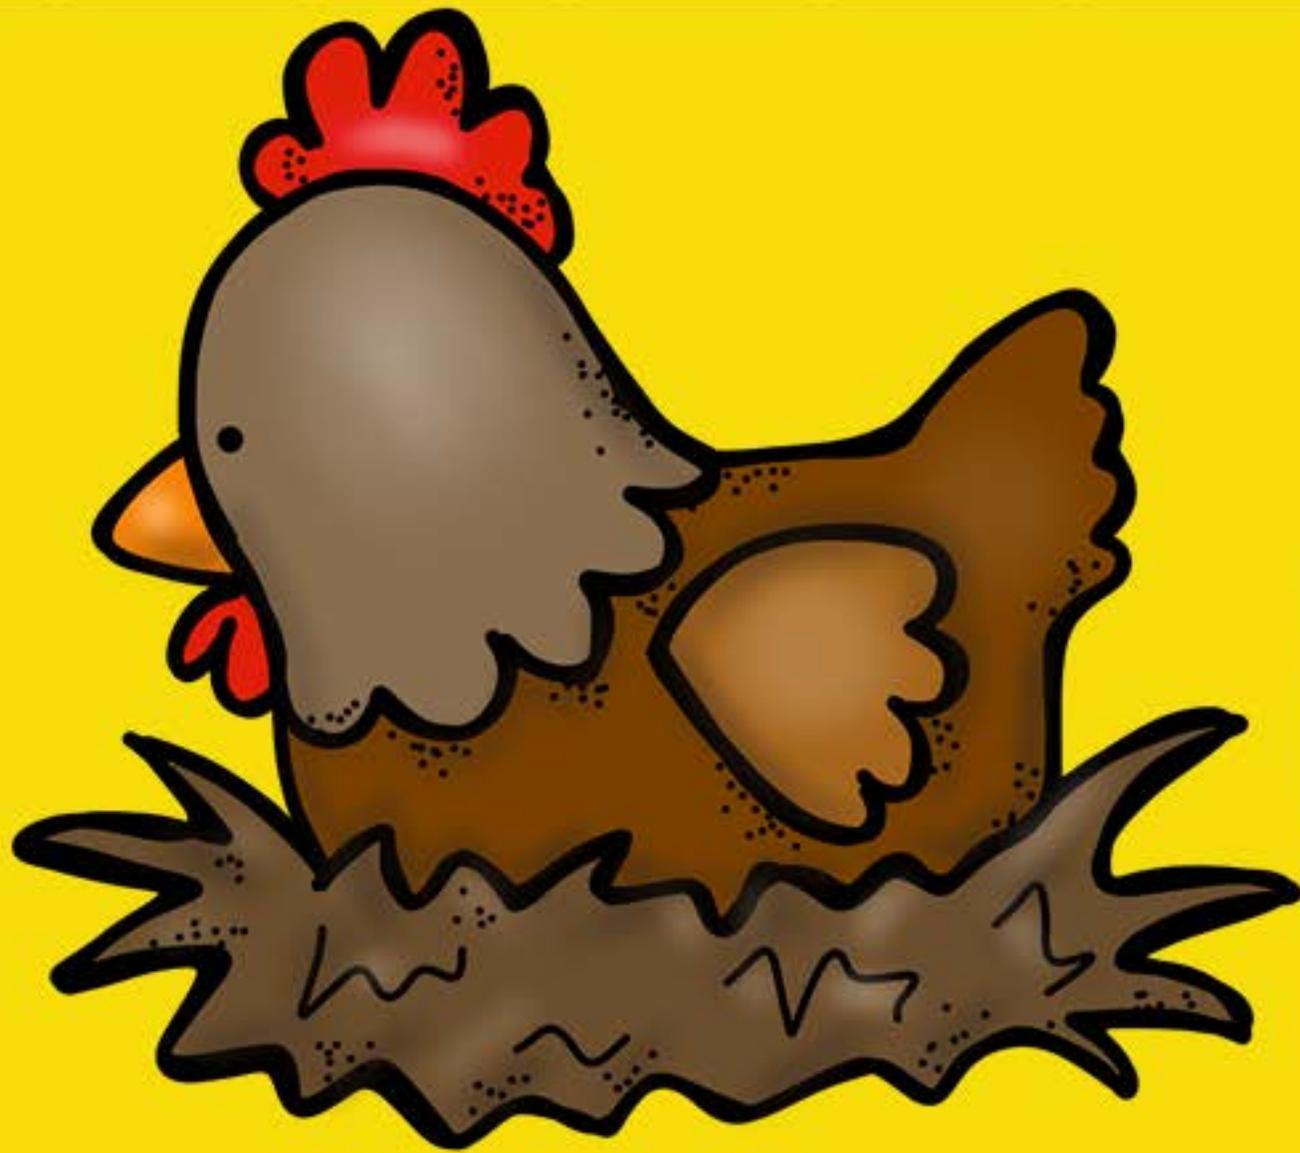

Chicks are born and they peck the ground to find food.

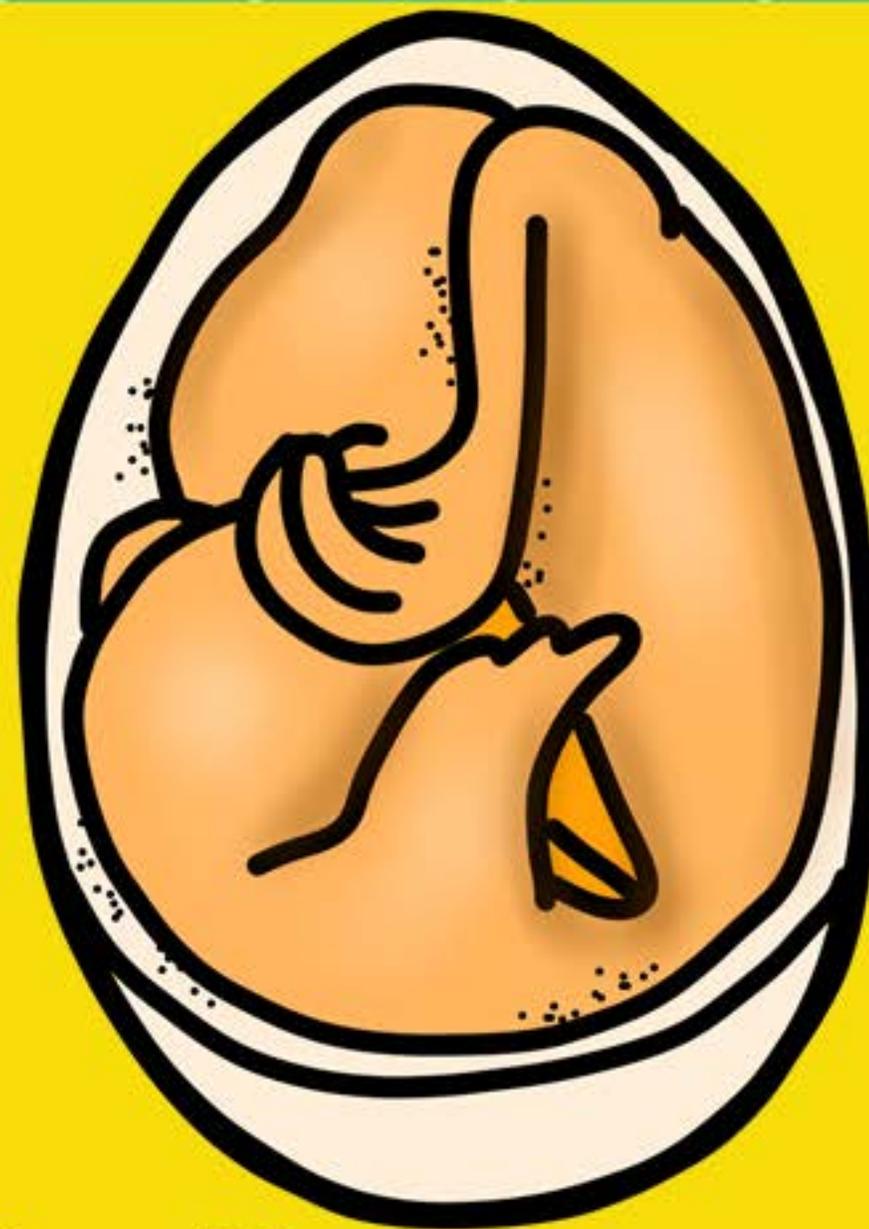

The chick grows and becomes an adult chicken. They later lay more eggs.

Caterpillar

**Caterpillar
making chrysalis**

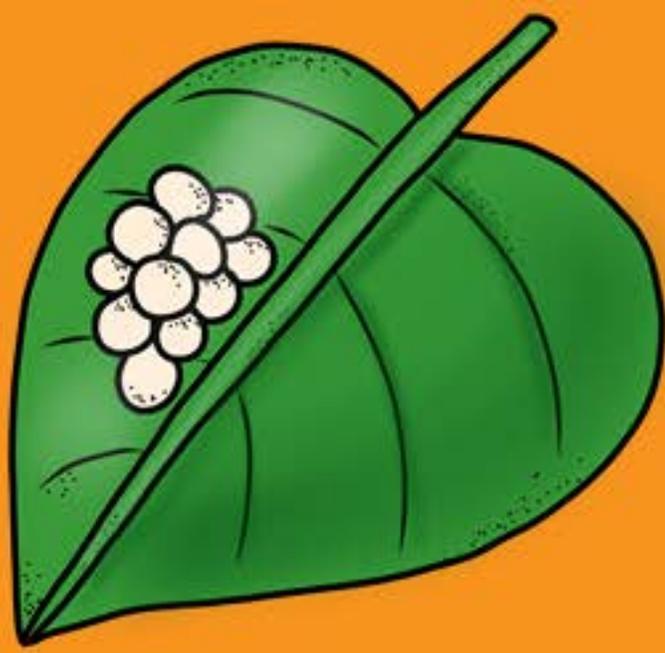

Chrysalis

Butterfly

**Butterfly
flying**

Eggs are deposited on leaves by adult butterflies.

A caterpillar comes out from the eggs.

The caterpillar makes a chrysalis. Inside, it turns into a butterfly.

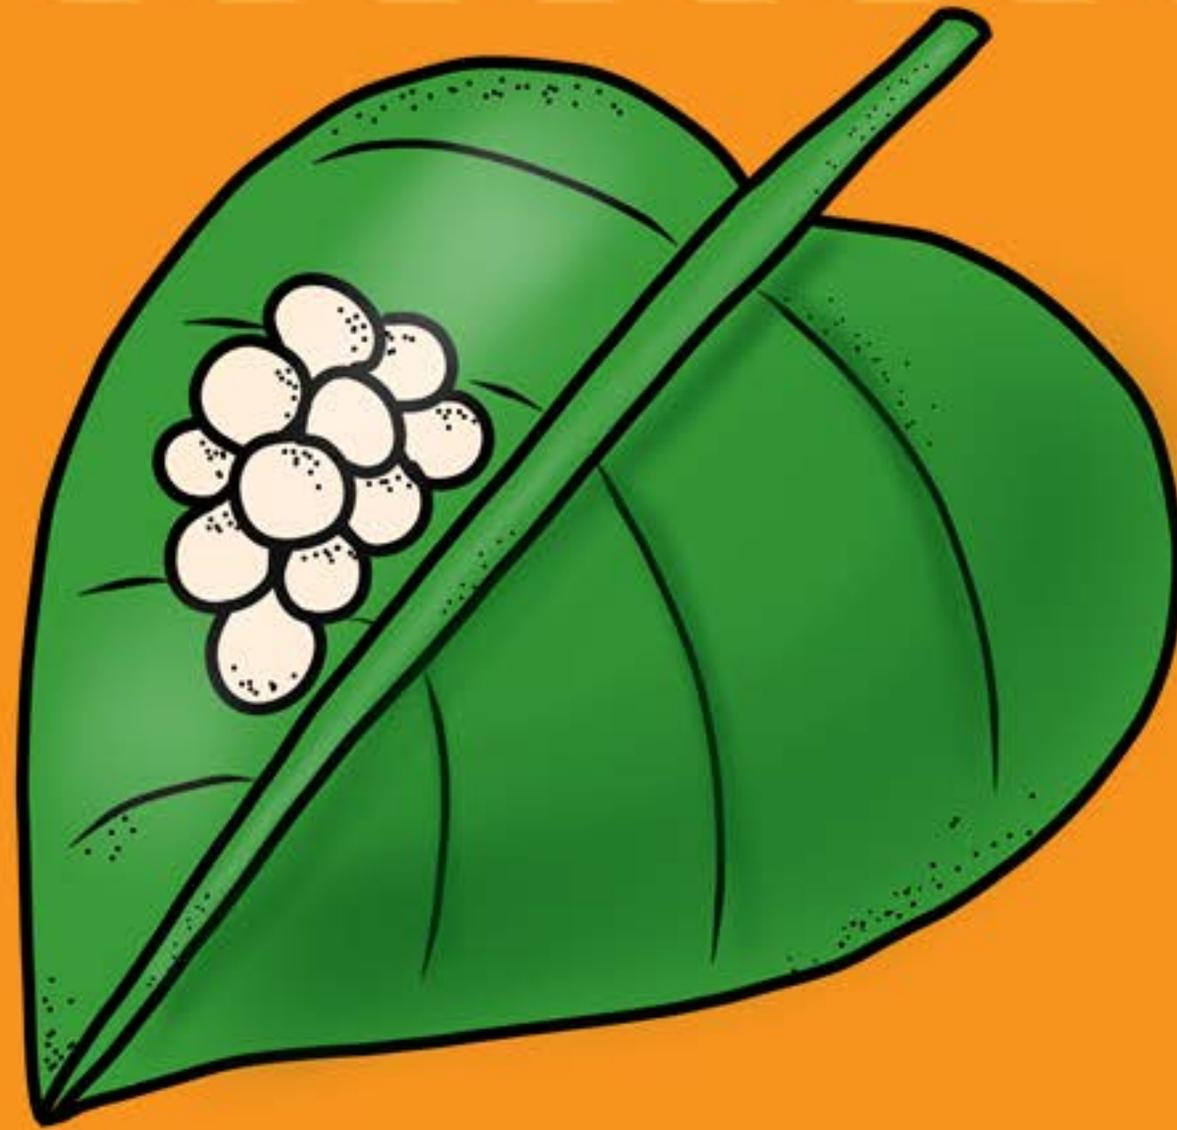

The chrysalis splits open and a new butterfly is born.
